📍 Chennai, INDIA

SUMMARY

A passionate front-end developer with over 2+ years of experience in creating User-friendly web applications, My primary focus is on crafting exceptional user-friendly interfaces using front-end tools. In addition, I've had the privilege to work in designing tools. This combination of development expertise and design sensibility allows me to bridge the gap between the design concept and its seamless implementation.

EXPERIENCE

Web Developer

Tata Consultancy Services

📅 2022 - Present 📍 Chennai, INDIA

Worked on several key projects focused on enhancing the experience on web application developed for internal project purpose.

- Successfully optimized pages for mobile using responsive frameworks like Tailwind, to reduce load time
- Conducted comprehensive debugging of code to guarantee site functionality and user experience,
- Consistently met tight deadlines while juggling multiple projects, ensuring smooth operations and minimal disruption.

EDUCATION

Bachelor's in Mechanical Engineering

Pondicherry University

📍 Puducherry

CGPA

8.34 / 10

CERTIFICATION

Azure Virtual desktop Specialty | MICROSOFT

Micosoft Certification to deploy and maintain virtual machine
